

Whitehead Bioinformatics Course 2002 Course Evaluation Form

We are interested in knowing your thoughts on our Bioinformatics course. Even if you didn't come to every lecture, your input is valuable to us. Please complete this form within Acrobat, save it and send it to lewitter@wi.mit.edu electronically or, fill out the form in Acrobat Reader, print it and send it to Fran Lewitter via interoffice mail. Please submit your evaluation form by Friday March 29th, 2002. Thank you for your input.

Name (optional): _____

Office location: 9 CC OKS 320 5CC
(chec one)

- | | | | |
|----|--|-----|----|
| 1. | Was this course useful for your research? | YES | NO |
| 2. | Did you read the assigned reading material? | YES | NO |
| 3. | Did you find the Mount Bioinformatics book useful? | YES | NO |
| 4. | Did you learn new methods to use in your research? | YES | NO |
| 5. | Did the course meet your expectations? | YES | NO |
| 6. | Was the pace of the course good for you? | YES | NO |
| 7. | Did you do the homework assignments? | YES | NO |
| 8. | Would you recommend this course to others? | YES | NO |

9. How would you rate the content of the lectures on the following topics?

Sequence Analysis 1. Excellent 2. Good 3. Fair 4. Poor

Why? _____

Computational Methods 1. Excellent 2. Good 3. Fair 4. Poor

Why? _____

Protein 1. Excellent 2. Good 3. Fair 4. Poor

Why? _____

Microarrays 1. Excellent 2. Good 3. Fair 4. Poor

Why? _____

10. Please list topics you would have liked to learn more about.
